## OBJECTIVE

As a civil engineer, my experience involved in Designing, Planning, and managing the construction of Residential Buildings, Bungalow, Commercial Mall, Roads, STP and other infrastructure projects. Throughout my career, I have gained experience in utilizing various engineering software and tools to create detailed design and plans. I have collaborated with architects, contractors and other professionals to ensure the successful execution of projects within budget and timeline constraints.

## EXPERIENCE

- 14/07/2023  
- Till  
Date
  - **Total 6.5 Year Experience of Architecture, Civil Engineering & Construction**
  - **Designation :- Senior Engineer**  
Organization :- Gateway Ventures, Bengaluru, Karnataka
    - STP Tank or Visitor's Lounge
    - Planning, Material Calculation, Construction & Bill Of Quantity
    - RMC & Steel Reconciliation
- 16/05/2022  
-  
04/03/2023
  - **Designation :- Project Engineer**  
Organization :- Agrawal Construction Company, Bhopal (M.P)
    - 1320, 1100, 810 Sqft Bungalow Structure and Finising work
    - G+6th Floor Commercial Shopping Mall Structure work
    - G+4 Floor EWS & LIG Complex Structure work
- 10/09/2020  
-  
15/05/2022
  - **Designation :- Billing Engineer**  
Organization :- Paras Lifestyle Pvt. Ltd. Bhopal (M.P)
    - G+16th Floor Residential Apartment Finising work
    - G+8th floor Club House Structure and Finising work
    - STP (Raw sewage treatment and disinfected water discharge into a flushing)
- 23/05/2019  
-  
09/09/2020
  - **Designation :- Site Engineer**  
Organization :- Eicher Company (TMTL), Mandideep (M.P)
    - Tractor Tyre storage, Post & Pri Painting Shop Installation with Taikisha (Japanese Company)
    - A-Shed of Types yard Dome Foundation Planning & Plant Installation.
- 01/07/2017  
-  
09/09/2020
  - **Designation :- Site Engineer**  
Organization :- Chouksey Multi Services, Mandideep (M.P)
    - Eicher Company Dome Foundation
    - PHED Project Lab
    - Store Keeper

## EDUCATION

---

2021-  
2023

- **Master of Technical in Structural Analysis**  
Sage University, Sahara Bypass Road, Bhopal  
7.5 CGPV

2015-  
2019

- **Bachelor of Engineering in Civil Branch**  
Vaishnavi Institute of Technology & Science, Bhopal  
7.4 CGPA

## PROJECTS

---

- **Sattva Global City - STP Tank, Visitor's Lounge**
  1. Quantity Surveying: Conducting on-site surveys and measurements to determine the quantities of materials used and work completed. Verifying quantities against project plans and specifications to ensure accurate billing.
  2. Record Keeping: Identifying project needs, estimating quantities, and procuring materials and equipment, Maintaining proper records of stock transactions, invoices, delivery notes, and other relevant documents. Updating inventory databases or systems as required.
- **Sage Milestone - Bungalow & Commercial Mall**
  1. Project Planning: Collaborating with clients, architects, and other stakeholders to understand project requirements, objectives, and constraints. Developing project plans, including scope & schedule.
  2. Design Coordination: Working with design teams to develop engineering drawings, Specifications & Technical documents.
  3. Construction Oversight: Supervising construction activities, monitoring progress and Conducting site visits, inspections, and addressing any issues or conflicts that arise.
- **Paras Emperor - Residential Apartment**
  1. Cost Estimation: Collaborating with the project team to estimate the costs of materials, labour, equipment, and other resources required for the project. Analysing project plans specifications to determine cost estimates.
  2. Billing and Invoicing: Generating Bills and invoices based on completed work and milestones achieved. Ensuring that billing aligns with contract terms and conditions, coordination with the client or project owner for timely payment processing.
- **PT+CED Paint Shop, PHED - Industrial Project**
  1. Construction Supervision: Managing and supervising all on-site construction activities, including earthwork, foundation, structural elements, utilities, and finishing works.
  2. Site Organization and Layout: Planning and organizing the construction site layout, including access roads, storage areas, temporary facilities, and site offices. Ensuring a well-organized and efficient site setup that supports smooth construction operations.

## SKILLS

Computer Skills: Proficiency in computer-aided design (CAD) software is essential for us to create detailed drawings and models. I am also be familiar with structural analysis software like Revit and Staad Pro.

80%

Architectural Plan (Basement, Ground Floor, First Floor, Tarrace & Tower) Structural Plan (Column Center line layout, Plinth Beam) Sectional Plan (Elevation View, Section View, Door & Window Level) MEP Plan (Machanical, Electrical, Plumbing Points) HVAC (Heat Ventilation Air Condition)

80%

MS Excel Preparing Detailed Estimation of Building BOQ, MB, BBS, Reconciliation, Consumption Sheets & Billing Management.

80%

MS Word Preparing Work Order in various Civil Contractor, Resume Making.

80%

MS Power Point Civil infrastructure related Presentations & Portfolio Design.
